NPIC NOTICE  
NO. 1-130-33

ORGANIZATION  
24 OCTOBER 1968

REORGANIZATION OF NPIC

REFERENCE: NPIC Notice No. 1-130-30, dated 4 January 1968

RESCIND : NPIC Notice No. 1-130-32, dated 10 April 1968

1. The attached charts reflect the current organizational structure of NPIC and provide Mission statements for the major organizational components.

2. Key personnel assignments are as follows:

Office of the Director

Director  
Deputy Director  
Executive Director  
Special Assistant  
Assistant to the Director  
Assistant to the Deputy Director

25X1

Planning, Programming and Budgeting Staff

Chief  
Deputy Chief  
Executive Officer  
Plans and Programs Division  
Requirements & Analysis Division

25X1

Imagery Exploitation Group

Chief  
Deputy Chief  
Executive Officer  
Operations Support Staff  
Production Control Staff  
Western Geographic Division  
Eastern Geographic Division  
Scientific Division  
Photogrammetry Division  
Missiles and Space Division

**NATIONAL PHOTOGRAPHIC INTERPRETATION  
CENTER**

The National Photographic Interpretation Center is charged with the analysis of [ ] imagery in support of the national intelligence effort; the provision of services of common concern to various departmental imagery analysis organizations; and the maintenance of an R&D capability to develop and apply modern technology to the imagery analysis process for the benefit of the imagery exploitation organizations of the intelligence community.

25X1

**PLANNING, PROGRAMMING & BUDGETING STAFF**

Responsible for developing, coordinating and implementing the Center's centralized planning, programming, budgeting, and requirements control services; for development of Center goals and objectives; for defining and formulating plans, programs and budgets to meet those goals and objectives; and for processing, validating and monitoring all requests for products and services with due regard for the Center's missions and resources.

(See Enclosure 1)

**IMAGERY EXPLOITATION GROUP**

Responsible for the analysis, on an all source basis, of [ ] imagery in support of the national intelligence effort, for the accuracy and completeness of all substantive information and measurements developed in the course of that analysis, for additional specialized tasks of analysis and evaluation of [ ] imagery as called for by higher authority and for the presentation of the results of the Center's imagery analysis effort to the Intelligence Community.

(See Enclosure 2)

**PRODUCTION SERVICES GROUP**

Responsible for the development and maintenance of National Base of Image-Derived Information files in accordance with COMIREX guidance, for the operation of the Center's computer-driven information processing and data retrieval facilities, for the operation of the Center's graphic, photographic, printing and other reproduction facilities, for intelligence research and reference services, for the maintenance of a central photographic file, and for the operation of a dissemination and control system and courier services.

(See Enclosure 3)

**TECHNICAL SERVICES AND SUPPORT GROUP**

Responsible for providing information, advice, and assistance regarding the application of advanced photo-related sciences to imagery exploitation, for the development of imagery exploitation equipment and techniques, and for performing administrative and support functions in logistics, finance, personnel, security, and communications.

(See Enclosure 4)

**IMAGERY EXPLOITATION GROUP**  
Responsible for the analysis, on an all source basis, of [ ] imagery in support of the national intelligence effort, for the accuracy and completeness of all substantive information and measurements developed in the course of that analysis, for additional specialized tasks of analysis and evaluation of [ ] imagery as called for by higher authority and for the presentation of the results of the Center's imagery analysis effort to the Intelligence Community.

**PRODUCTION CONTROL STAFF**

Responsible for staff support to the Chief, Imagery Exploitation Group in matters pertaining to requirements analysis and production control, publications standards and planning, development of new reporting formats and techniques and the processing and approval of multidivisional reports.

**OPERATIONS SUPPORT STAFF**

Responsible for providing that staff support uniquely required by the Chief, IEG, in matters relating to long-range plans, operating procedures and budgets, equipment development and maintenance, personnel, security, and career development.

**WESTERN GEOGRAPHIC DIVISION**

Responsible for the exploitation in accordance with the National Tasking Plan, of all imagery of the USSR, Eastern [ ] Europe, Middle East, Africa, and Western Hemisphere except for those targets specifically assigned to the Missiles and Space Division and the Scientific Division.

**EASTERN GEOGRAPHIC DIVISION**

Responsible for the exploitation, in accordance with the National Tasking Plan, of all imagery of China, North Korea, and South and Southeast Asia except for those targets specifically assigned to the Missiles and Space Division and the Scientific Division.

**SCIENTIFIC DIVISION**

Responsible for the exploitation, in accordance with the National Tasking Plan, of all imagery pertaining to COMIREX targets within the following categories: Deployed Communications/Electronics and Radar Facilities, Strategic Weapons Industrial Facilities, Atomic Energy Facilities, Communications/Electronics/Radar R&D Facilities, and Chemical, Biological, Radiological (CBR) Facilities.

**MISSILES AND SPACE DIVISION**

Responsible for the exploitation, in accordance with the National Tasking Plan, of all imagery pertaining to COMIREX targets within the following categories: Deployed Strategic SSM and AMM Facilities, Missile Ranges, Strategic SSM and Space Facilities, Air Launch Facilities, Naval Launch Facilities, Tactical SSM Facilities, and SAM and AMM Facilities.

**PHOTOGRAMMETRY DIVISION**

Responsible for providing and maintaining a photogrammetric mensuration capability to meet the needs of the IEG in accordance with the National Tasking Plan and of external components as directed.
